## REXEL EXPO 2019: OVERVIEW OF A RECORD EVENT DEDICATED TO DIGITAL AND SERVICES

---

- *Rexel is a key player in the promotion and distribution of innovative energy solutions*
- *More than 22,000 people came to discover the 1,800 exhibitors representing the connected services and solutions offered to Rexel's customers*
- *A fair largely dedicated to Rexel's know-how to satisfy the needs of its customers for digital transformation and energy efficiency*

**Paris, October 21, 2019** - Rexel, promoter of innovative solutions in the distribution of energy products and services, today announces the closing of Rexel Expo, which was held from October 14 to 18 at the Porte de Versailles exhibition center in Paris.

The event, bringing together installers, integrators and major builders of the energy sector, set a new record by gathering an attendance of 22,000 people. This year, the fair highlighted the services and connected solutions offered to the Group's customers to facilitate their day-to-day business. Rexel Expo allowed them to present the innovations of the sector's main players to meet the need for energy efficiency and digital transformation.

Thomas Moreau, CEO of Rexel France, declared: *"Our business continues to accelerate towards digital and personalization of services. That's why the 2019 edition of Rexel Expo, a veritable showcase of our know-how, allowed us to present the innovative solutions that allow our customers to increase their performance, accompanying them on a daily basis in their projects and in the development of their activity."*

Among the highlights of the show, Rexel presented the new functionalities of its universal home management solution, "Energieasy Connect," its connected solutions for industrial customers, its expertise in smart buildings as well as the coming digital developments for its branches. Through its suppliers and its own innovations, the Group presented a global ecosystem for its customers. Rexel is thus positioned as a facilitator and aggregator of innovative solutions, at the heart of the value chain.

In line with its commitment to social and environmental responsibility, Rexel welcomed more than 150 students from all walks of life to this event. The show was also organized in an effort to minimize its ecological footprint, and Rexel will donate to its Rexel Foundation for a better energy future, a sum corresponding to the carbon impact of the tradeshow.
