a world of energy

Our business

A multi-specialist & omnichannel partner

Expertise at the heart of the value chain

REXEL SUPPORTS ITS RESIDENTIAL, COMMERCIAL AND INDUSTRIAL CUSTOMERS BY PROVIDING A TAILORED AND SCALABLE RANGE OF PRODUCTS AND SERVICES IN ENERGY MANAGEMENT FOR CONSTRUCTION, RENOVATION, PRODUCTION AND MAINTENANCE.

Creating value through 3 business approaches in 3 end-markets

CUSTOMER PROXIMITY

BEING CLOSE TO INSTALLERS

Rexel simplifies the work of installers by providing an omnichannel offering, assistance for the whole business process, and customized training programs.

1,900+

branches offering a comprehensive service (recommendation, advice and training)

over 16,000

sales representatives including 8,000 outside sales reps

4,000 products permanently available at each branch

Technical advice

Order picking made simple

Order picking suited to each type of customer

In Finland, 100% of branches operate 24/7

The Esabora software suite enables installers to conduct energy pre-audits on site followed by the best recommendations and business proposals for customers.

PROJECTS

MANAGING COMPLEXITY AND OPTIMIZING THE SUPPLY CHAIN

Efficiently supplied, our customers also have access to innovative supply chain solutions, reducing costs by improving productivity.

Supply chain services ensuring quick nonstop delivery

On-site management of supply and inventories

Compliance with all quality and safety standards

Dynamic management of the product offering to meet the most specific needs

Optimized budget proposals, multi-lot management of tendering

Tailored made solutions (branches set-up on worksite, electrical products kitting)

REXEL

a world of energy

Peninsula Paris

Rexel developed a made-to-measure supply chain solution based on the kitting process and provided nonstop supplies twice a week for over 2 years

SPECIALTY

DEVELOPING EXPERT KNOW-HOW IN SPECIALIZED MARKETS

Specialized resources, expert skills and innovative solutions adapted to the specific needs of each industry:

/OEMs (Original Equipment Manufacturers)
/Data Centers
/Agri-food, automotive, petrochemicals and mining industries
/Retail, hospitality, hospitals...

Conducting of studies ahead of each project by our specialized teams
Extended product/brand offering
Site MTO (Material Take-Off) management

Optimal service quality thanks to a powerful supply chain

Rexel provides large-scale inventory management, product supply from the leading manufacturers of electrical equipment, customized tools and a reliable supply chain.

59 logistics centers worldwide

An internalized supply-chain

Performance and reliability of supply chain solutions and information systems to serve our customers

Permanent availability of 4,000 products at branches

50,000 products available with next-day delivery

a world of energy

Cloud-based Track&Trace
system in Europe

Innovating and growing through digital technology

IN 2020, REXEL RECORDED €2.6 BILLION E-COMMERCE SALES (WEBSHOPS AND EDI)

A STRONG E-COMMERCE PLATFORM

Common platform (updates and upgrades for 11 countries simultaneously)

Enhanced content management

Optimized and simplified payment solutions

Personalized webshop by user profile

INNOVATIVE APPLICATIONS

Developed to meet customer needs

Tailored to each market

In the United States, Rexel offers an application to make orders without delay: in a few seconds, using a photo taken at the worksite, an installer can access a product's full details and check its price and availability in a database containing over 100,000 products

POWERFUL CRM TOOLS

Data-driven and use of artificial intelligence

Specific knowledge of each customer and related life-cycle

Detailed analysis of data for loyalty operations

EDI

Direct access to Rexel services

A strategy based on two pillars

ORGANIC GROWTH AND VALUE CREATION

1 Constant strengthening of the Group to guarantee profitable organic growth

- Growth in volume, in line with a “More customers, More SKUs, More Digital” approach
- Priorities per business approach:

Proximity

(59% of total sales)

Expanded footprint through new branches/counters opening, accelerated multi-channel approach and constant improvement in service standards.

Projects

(30% of total sales)

Industrialization of the product offering designed for customers managing industrial or commercial projects.

Specialty

(11% of total sales)

Improved capacity to meet specific requirements for specialized markets.

- Continuous improvement of the gross margin and cost structure

2 Migration to a leading data-driven services company

- Adoption of a service strategy, segmented around three types of product and service offers
- Migration to a data-driven company
- Increase selectivity in capital allocation and strengthen financial structure

Our commitments for a better energy future

Our sustainable development approach

Developing energy management solutions
for our customers and for society at large

Fostering sustainability
in our value chain

Improving the social and environmental
performance of our operations

Acting with ethics and integrity

Tangible commitments and acknowledged performance

COMMITMENTS

The Rexel Foundation
for a better energy future

The Rexel Foundation's mission is to improve
access to energy efficiency for all.

Operating in
20 countries

Supported projects

+70

over **165,000**
people positively impacted

The Rexel Foundation for a better energy future

5 lines of action

1. FACILITATING

access to affordable, efficient
and sustainable energy

2. SUPPORTING

the fight against fuel poverty

3. DEVELOPING

renewable energies and their funding

4. ENCOURAGING

the acceleration of energy retrofitting

5. INFORMING AND EDUCATING

the general public about energy transition

4 types of project

1. **Community projects** are promoted by associations and NGOs that encourage the involvement of the most underprivileged communities in managing their energy consumption and improving their living conditions.

2. **Social innovation projects** are driven by social entrepreneurs who develop new economic models that have a social impact.

3. **Knowledge and learning projects** include projects co-created by energy efficiency researchers and experts to be shared with the general public.

4. **Employee projects** are initiatives sponsored by the Group's employees.

Focus on the Roubaix social innovation project

THE REXEL FOUNDATION AS A FUEL-POVERTY SOLUTIONS PROVIDER

In 2018, on the occasion of its Innovation Day, the Rexel Foundation brought together a group of residents, elected officials, associations, Foundations, Rexel branches and social entrepreneurs from Roubaix, one of the most disadvantaged cities in France

The will of this collective is to integrate people dealing with fuel poverty issues into the reflections, so that they take part in the research and development of lasting solutions

Collaborative brainstorming workshops bringing the collective together are organized throughout the year with the support of Rexel experts

Given the success of this initiative, the next step is to apply this model in other areas, such as the city of Roanne (France), and then on a larger scale

Thank you

a world of energy
